**10.4a:** 1-31 odd

**10.4b:** 33-55 odd

Please use this cover sheet when turning in your homework. Staple this page to the front of your homework packet, and make sure that all pages in your packet have your name on them.

I ask for seating information simply to expedite the handing-back of homework during lecture. I'm assuming that most of you sit in roughly the same general area most of the time, so if I am able to order the papers by the seating information you put down, that will help me in handing back homework. I'm *not* asking you to choose a seat for the rest of the semester.
