

Name: \_\_\_\_\_

There are many ways in which a group member can contribute to a group, including:

- asking good questions,
- explaining concepts,
- helping organize the group members' thoughts,
- recording observations,
- drawing helpful pictures,
- contributing to the final write-up,
- etc.

Keeping this in mind, please describe each of your group members' contributions (including your own) by estimating the percentage of your group's total effort each person contributed.
