

## Math 114-01/03: Quiz on prerequisite material

This is your opportunity to demonstrate mastery of essential background material.

The quiz is structured to encourage: initiative (vs procrastination) and internalization (vs cramming) and to reward improvement, for those students who need to do some work to get up to speed.

Quiz 1A	Quiz 1B
4 parts, given on different days 5 minutes each, 10 points each Bonus point for perfect score Lowest score to receive credit is 8 points	4 parts, given in one sitting (Wed Sep 23) 20 minutes total time, 10 points for each part Significant improvement may be taken into account.
